

Northwind Therapeutics, Inc.

Facilities & Lease Schedule - FY2025

Northwind occupies five sites totalling 486,000 sq ft. Facilities cost of \$10.1M represents 2.1% of revenue. Post-pandemic badge data shows average weekday occupancy of 41% across the three office sites.

Site	Type	Sq ft	Lease expiry	Break clause	Occupancy
Barceloneta, PR	Manufacturing	180,000	Owned	n/a	88%
Raleigh, NC	Manufacturing	142,000	2033	None	84%
Bridgewater, NJ	Office (HQ)	84,000	FY2027	12-month notice	38%
Dublin, OH	Office (Deveron)	52,000	FY2026	6-month notice	31%
Tampa, FL	Office (Lyle)	28,000	FY2028	None	54%

The Bridgewater and Dublin leases were signed pre-2020 on headcount assumptions that no longer hold. Assessed requirement across the three office sites at current working patterns is approximately 96,000 sq ft against 164,000 sq ft contracted. No site consolidation has been modelled because the Dublin lease was assumed to be non-exitable; the 6-month notice provision was identified during 2025 diligence.

Facilities management across all five sites is outsourced to a single supplier, Meridian Site Services, on an evergreen contract last competitively tendered in 2018.
